

## Father Time CASE # 32

Father Time was a singer & dancer until he was in a car accident 5 years ago. He was determined disabled in 2003. Mr. Time has learned a new trade and now works part time at The Studio singing back up. Father Time is tired of just making ends meet. Medicare picks up a majority of his medical and prescription expenses but the premiums, deductibles, and co-pays are too much. Friends have been saying he could get help with these expenses by getting a medical card. He asked his best friend, Joe how this was done. Joe told him about his nice case worker at the SRS office. Mr. Time is in to apply and provides the following information. Process his \_\_\_\_\_ application based on the following:

(Date of application)
